

TO: ASHRAE Members and Supporters

SUBJECT: ASHRAE Madison – 2016 CRC Sponsorship

Next spring, we will be hosting the 2016 Region VI Chapter Regional Conference in Madison, WI. Held on April 29th through the 30th, this conference will be the most widely recognized event for our chapter.

The event will be hosted at the Monona Terrace in Madison, along with accommodations available at the adjacent Hilton. With a prime location for day and evening events, we hope this will be especially attractive to all those looking to attend.

As with any of our events, funding and support are always at the forefront of our planning. The support raised by our fundraising committee provides vital resources to ensure the event goes as planned. More importantly, it allows the chapter to host an event that is valuable to our regional members and the attendees who join us. Money raised during the CRC is used for ASHRAE scholarships in our chapter. Attendees to the technical sessions can earn PDH credits that can be used to maintain their PE licenses, and provide valuable continuing education. In many cases, the CRC is the one event each year that brings our regional members together and all efforts are made to ensure this event is a great investment of their time and money.

In an effort to bid support for this event, we would like you to consider becoming a sponsor at one of our five (5) levels:

1. Platinum Level; \$ 2,500: Sponsorship Level Benefits: ~~(LIMITED to Four sponsors)~~ FULL

- Recognition as an Official Sponsor of the Technical Sessions
